EU declaration of conformity

SW-CRA-DOC-001 | Revision 2 | Sano Work

1. Product identification

Sano Work, native desktop AI workspace, version 1.0.79, build 84, for Apple-silicon macOS and 64-bit Windows. The release identifiers on page 2 form part of this declaration.

2. Manufacturer

SanoAI GmbH

Wittelsbacherstr. 34, 10707 Berlin, Germany

Responsible executive: Omid Bicker, CEO

Security contact: admin@sanostudio.ai

3. Responsibility

This declaration is issued under the sole responsibility of SanoAI GmbH as the manufacturer.

4. Object of the declaration

The identified Sano Work desktop release, its distribution and update mechanisms, and the Sano-operated remote functions necessary for its intended use, within the product boundary documented in technical file SW-CRA-TF-001. Third-party dependencies and trust boundaries are addressed in that file. This declaration does not extend automatically to later releases or materially changed remote services.

5. Conformity

SanoAI GmbH declares that the product identified above is in conformity with Regulation (EU) 2024/2847, Cyber Resilience Act, OJ L, 2024/2847, 20 November 2024. The manufacturer confirms that fulfilment of the applicable essential cybersecurity requirements in Annex I has been demonstrated through its conformity assessment.

6. Assessment basis

Conformity is declared against the applicable requirements of Regulation (EU) 2024/2847 using the manufacturer's documented risk assessment, requirements mapping, verification records and vulnerability-handling processes. No harmonised standard, common specification or cybersecurity certification is relied upon as a presumption of conformity in this declaration.

7. Conformity assessment procedure

Internal control under Annex VIII, Part I, Module A, on the basis of the manufacturer's assessment of the product as eligible for that procedure. No notified body is involved and no notified-body certificate is claimed.

Product traceability and signature

SW-CRA-DOC-001 | Revision 2 | Integral continuation

8. Additional information

Item	Identification
macOS installer	Sano-1.0.79-84.dmg; 499,049,610 bytes; Apple silicon; minimum macOS 14.0
macOS SHA-256	019a8a15d073a9e21466e7f98f5f98a64e5b30d934f802ecfc0197aaa98a90c2
Windows installer	Sano-1.0.79-Setup.exe; 453,639,056 bytes; 64-bit Windows; minimum build 10.0.17763
Windows SHA-256	5e62b883abfb506084d0d8087128a32749371d1949d50050a70b1f98b366d94d
API image reference	sha256:fd8e88c5ce0c679400c253d4a7efef2d26573d89b6b8567ff7bbcdfa5b3f7296
Supporting records	SW-CRA-TF-001; SW-CRA-MAR-002; manufacturer confirmation and revision record SW-CRA-REV-002, dated 27 October 2026

The manufacturer maintains the supporting technical documentation, component and release records, risk assessment, security support arrangements and vulnerability-handling procedures under document and change control.
